Dear Dr. Weichman,

On behalf of the parents, students, and teachers at Aliso Niguel High School, we want to thank you for a wonderful presentation on *Communicating With Your Teen and Internet Safety*. Your personal experience, eloquence and professionalism helped make this parent education forum one of the most successful this year. With over 3,000 students at our school, your messages to the parents were especially pertinent and needed – "model appropriate behavior, open lines of communication, and spending time together."

Thank you again for taking time out of your busy schedule to share your expertise. We fully recognize that we would not receive such strong support from our parents and have a positive impact in our community without the excellent presentations and stimulating discussions provided by talented individuals, like you. We are fortunate to have had someone of your professional expertise and credentials take time from your busy schedule to address the participants and serve as a resource person.

It was a pleasure working with you, and we look forward to working with you in future educational endeavors.

Sincerely,

Charles Salter
